Table of Contents

1. Introduction

The purpose of this document is to assist you, the user, in creating an account with the SSO platform.

2. Registering to the SSO

To create an account:

1. Open the SSO
2. Use the navbar at the top of the site to navigate to the "Registration" page

KFC SSO   HOME   REGISTER   ABOUT   REGISTER   GENERATE   DELETE   LOGIN
3. Input your information into the fields shown
   a. **Email:** A personal email address where you can receive important notifications
      i. Must be in valid format, for instance: example@example.com
      ii. Must not be registered within the platform already. If you enter an email address that is already registered within the SSO, you will receive an error.
   b. **Password and Confirmation:** A secure password that you have not used for other applications, repeated twice
      i. Must be between 12 and 2000 characters in length
      ii. No special character or number requirements
      iii. Must have not been part of a public breach. If you enter a password that has had it's hash leaked, you will receive an error requesting that you choose another password
      iv. Password and confirmation must match
   c. **Date of Birth:** Your legal date of birth
      i. Click the field and interact with the date selection modal to make your choice.
      ii. Must be of 18 years of age or older
   d. **City:** Your city of residence or business
      i. Must not be empty
   e. **State:** Your state of residence or business
      i. Must not be empty
   f. **Country:** Your country of residence or business

g. **Security Question and Answers:** Each security question and answer pair will be used if we ever need to recover your account. We will ask you one or more of these questions, and will expect to receive the matching response.
